Information Regarding New Membership Conference Bylaws

Application for Membership

A central human resource agency of a state may apply for regular membership by submitting a written (email is acceptable) request to the current President of the Association. The request must indicate the state's agreement to support the Association's mission. An agency, other than the central human resource agency of a member state may apply for associate membership by submitting a written request to the current President of the Association.

Approval of Membership Application

The Executive Committee will determine whether to accept the membership by majority vote. The Executive Committee shall consider:

- the geographic compatibility with overall Association membership,
- the level of commitment by the state to support the Association's mission, and
- the orderly growth and ability of the Association to administer the added data exchange.

Discontinuing Membership

Resignation - Any regular or associate member agency may discontinue their membership by written notification to the President.

Removal - The Association may, by majority vote at the annual conference business-meeting, remove a member (regular or associate) who does not provide support for the Association mission.
